ADVISORY COUNCIL MEETING

MONDAY APRIL 11, 2022 5:30PM - 7:30PM via Zoom

AGENDA

- Review of the proposed Legal Wills Policy
- Consultation on the Advisory Council Code of Conduct

For call-in information and zoom meeting details contact Jennifer Jansen by email at jjansen@tsawwassenfirstnation.com or call/text at **604-880-1495**

HEALTH & SOCIAL SERVICES

The Health and Social Services department supports harm reduction and wants to ensure that people have access to various harm reduction and personal protective equipment (PPE) supplies.

Any of the following supplies are available for pick up at the Red trailer. Additionally, if a member prefers to have supplies delivered to them, that can be arranged.

HSS would like to make harm reduction as easy and as accessible as possible while respecting the anonymity of all members.

Supplies available:

- Nasal Naloxone kits - Used for preventing overdose during opioid use
- Fentanyl testing kits - Will detect the presence of fentanyl in substances before using
- Benzodiazepine testing kits - Will detect the presence of benzos in substances before using
- Contraception options
- Lysol Wipes
- K94 Masks
- COVID-19 rapid response antigen testing kits

Please contact Serena Dhami for any further inquiries at (604) 831-7970

Let me introduce myself I am Jodaye Garner I have recently assumed the role of **Community Business Development Coordinator at TFN.**

I previously was a Business Advisor for the Youth Mean Business, Self Employment program at the YMCA, and a Business Consultant for the Self Employment Entrepreneur Development Society S.E.E.D.S. I have been advisor to over 300 companies from artisans to international business and previously the owner/operator of Clean Machines Inc. and co-founder of YEAP Youth Entrepreneur Aboriginal Program

I specialize in start-up and existing company business planning and advisory for rapid company acceleration. I am known for helping companies plan and implement from conception through to breakeven and beyond.

I have gained knowledge in finance through closely working with accountants and doing full cycle accounting and providing tax advisory to solo entrepreneurs and small businesses. I also have incorporated businesses and provided financial planning strategies for shareholders personal and company taxes. I have extensive experience in finance, accounting and human resources to aid with company growth. Prior to being a Business Advisor and the CEO of Clean Machines I held several key positions including Manager of Finance and Human Resources, Chief Privacy Officer for Incognito Software Inc. where I was responsible for managing all company financials, legal contracts and human resources.

I have located over 7 million dollars in financing, grant money, SR&ED tax credits and supplied companies, non-profits and individuals with my expertise over the last 20 years.

I was attended the Business Management program at the British Columbia Institute of Technology. Although most of my practical business knowledge has been learned through running my own businesses, trial and error, seminars, mentors, and fellow entrepreneurs.

- I will be reaching out to individual business owner members to go through a short survey to assess your needs and how I can best support you and your business.
- If you are looking to start a business? I can assist by leading you through an entertaining exploration of your interests, ideas and assisting you in producing a business plan or grant application if required.

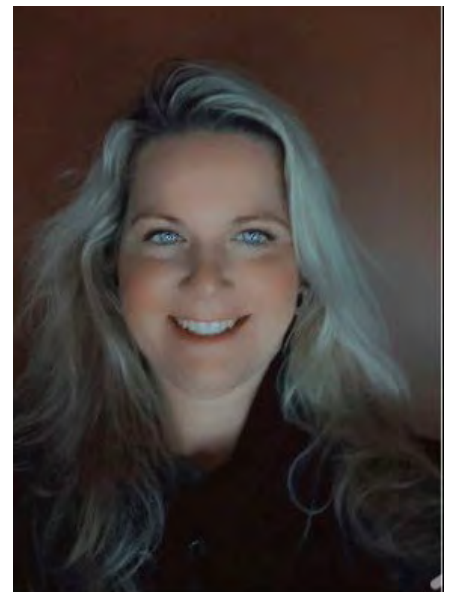

I endeavor to be a resource to all members and feel honoured to be able to assist your community through supporting current and future entrepreneurs.

Jodaye Garner, Community Business Development Coordinator for Tsawwassen First Nation

Email. jgarner@tsawwassenfirstnation.com

Phone: 604-790-9291

I can be contacted Monday through Friday 9:00am – 4:00pm.

WHO BOOKED IN AT THE LAST CLINIC IN 2020 TO RE-BOOK FOR THE UPCOMING ONE.**

EARTH DAY APRIL 22, 2022 AT ĆĀLISĀLĀM TFN COMMUNITY FARM

Each of you are invited for this outdoor 2022 EARTH DAY event to see the pilot project site, meet TFN Community Farm coordinator and the Implementation Farmer, attend learning sessions, enjoy some food, and have fun!

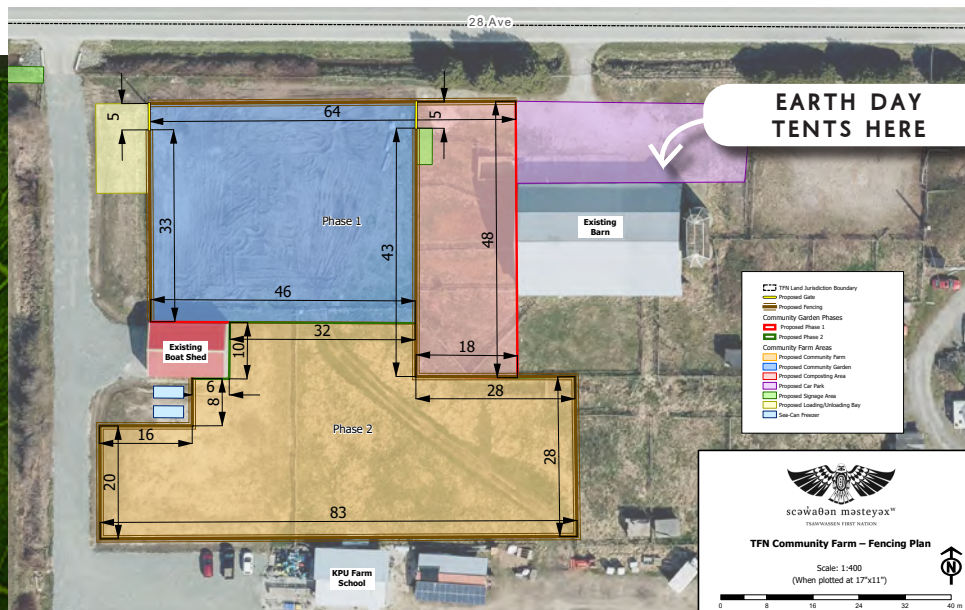

All applicable COVID safety protocols will be followed.
Please wear boots as the farm site may be wet.

At the April 04, 2022, Agricultural Advisory Committee (AAC) meeting, Members endorsed the idea of doing a half day 2022 Earth Day event and at the EC meeting of April 05, 2022, this idea was supported by the Executive Council.

APRIL 22, 2022, FROM 12 TO 4 PM

IN FRONT OF THE OLD BARN ON 28TH AVENUE NEAR
THE TFN COMMUNITY FARM SITE

The TFN agricultural pilot project aimed at achieving local food security, is progressing well and the implementation work begins now! All members (and especially TFN Youth) interested in participating, learning and helping with Ćālisālam, are encouraged to attend this event and email Kris Patel at kpatel@tsawwassenfirstnation.com

Hə́ŋqə́mínə́m Language class options on ZOOM!

1) TFN Afternoon Language class will be every Thursday afternoon starting:

March 17th from 1-2pm

The Language class will be held on ZOOM, link below:

<https://us02web.zoom.us/j/89960639878?pwd=bFJBZ2FNcDIGZUFPRG82Yk0wVTFBZz09>

2) TFN Evening Language class will be every Wednesday evening starting:

MARCH 16TH from 5pm-6pm

The Language class will be held on ZOOM, link below:

<https://us02web.zoom.us/j/85303171358?pwd=V1B3QURITnBqK2tuKzRNRTFKNkRNdz09>

Hello TFN, the Language and Culture Team would like to invite you to learn the hə́ŋqə́mínə́m language on **Wednesdays** and **Thursdays** starting in March!

This is our first invitation to hə́ŋqə́mínə́m classes in a long time! We have been busy at Simon Fraser University learning from various teachers!

Since we want to pass on the language to the community, we wanted to make space to learn!

Option 1) will be during work hours and we understand that it may not be feasible for you to join us **1pm—2pm**. This class will be open to community members as well as TFN staff.

Option 2) will be after work hours at **5pm—6pm**. This class will be TFN lead for the TFN community. This class will be open to community members only.

We hope that in the near future we can gather as a community and in person to learn the language!

TSAWWASSEN FIRST NATION

OPPORTUNITY TO SERVE ON TFN'S JUDICIAL COUNCIL

Executive Council is seeking TFN Member applicants for a vacancy on the Judicial Council. The TFN Judicial Council is appointed by Executive Council to 5-year terms, pursuant to the *Administrative Review and Judicial Proceedings Act*. The current TFN Member appointment is set to expire in June 2022.

The Judicial Council meets as required, in accordance with the instructions of the Chair of the Judicial Council, and has the following responsibilities:

- determining the validity of Tsawwassen laws,
- resolving disputes between Tsawwassen Members and elected officials,
- making recommendations to courts on the sentencing of Tsawwassen Members, if requested,
- investigating any financial irregularities that may occur,
- hearing appeals of administrative decisions,
- resolving disputes between Tsawwassen Members,
- resolving disputes between government bodies, and
- other duties that Executive Council may assign to it from time to time under any Tsawwassen enactment.

The hourly rate of pay for the TFN Member appointee is \$75 per hour.

All TFN Members are eligible to apply, however, you may not concurrently sit on Judicial Council and hold any other office with Tsawwassen Government or collect fees or a salary from Tsawwassen Government.

If you are interested in this opportunity, please submit a cover letter and resume to Mary Childs, General Counsel, by **Friday, May 13th, 2022** at the Administration Office (1926 Tsawwassen Drive) or by email at mchilds@tsawwassenfirstnation.com.

Government Submissions

Dear TFN members and residents:

Please note that **starting May 1, 2022, the Revised Stage 1 Watering Restrictions come into effect, until October 15, 2022.** Stage 1 comes into effect automatically each year to prevent drinking water wastage and ensure water users employ efficient and effective watering practices.

The Greater Vancouver Water District (GVWD) Board approved revisions to the [Drinking Water Conservation Plan](#) (DWCP) at its October 29, 2021 meeting. The revisions include reducing lawn watering to one day per week during Stage 1. For additional information and restriction details, refer to “Metro Vancouver | Drinking Water Conservation Plan”.

<http://www.metrovancouver.org/services/water/WaterPublications/DrinkingWaterConservationPlan.pdf>

Reducing lawn watering remains the most effective way to ensure we are using our drinking water wisely during the summer months when demand is highest, and rainfall is lowest. One morning per week provides adequate watering time to maintain a healthy lawn and achieve further water use reductions.

	RESIDENTIAL LAWNS	TREES SHRUBS, FLOWERS	VEGETABLE GARDENS	
STAGE 1 May 1 – Oct 15	EVEN ADDRESS Saturday ODD ADDRESS Sunday AUTOMATIC WATERING 5am – 7am MANUAL WATERING 6am – 9am	 HAND WATERING SOAKER HOSE or DRIP IRRIGATION Anytime	 SPRINKLERS Any day 5am – 9am	Anytime

	Flushing water mains	Prohibited

Drinking Water Conservation Plan 2022 Update FAQ for Member Jurisdiction Staff

Project Key Messages:

- Starting in 2022, from May 1 until October 15, lawn watering will only be permitted one day a week (Stage 1 watering restriction update).
- Reduced lawn watering is the most effective way to reduce seasonal demand for water and save treated drinking water for where it is needed most: for cooking, cleaning, and drinking.
 - Typically, water demand increases by as much as 50 per cent in the summer, which is also when the region gets the least rain.
- Watering of trees, shrubs, and flowers has not changed and you can still water them on any day from 5:00 to 9:00 am if using a sprinkler, and on any day at any time if using a hand held hose, soaker hose, water container, or drip irrigation. There are no restrictions on watering of edible plants.
- If at some point during the summer we need to move to Stage 2 watering restrictions, lawn watering will not be permitted at all for residential or non-residential properties.
 - The new lawn watering restrictions are expected to reduce the need to move to higher restriction stages during dry spells, which could impact certain businesses.
- In 2021, our region was confronted with the reality of the climate emergency and extreme weather conditions. The heat dome in June and July, highlighted the need for more proactive measures to conserve the region's water supply.
 - 2021 summer water use was unusually high due to a record-breaking heat wave.
 - We were only able to meet summer water demands due to the high snowpack, which we can't rely on every year.
 - Daily water consumption hit 1.79 billion litres on June 27, just shy of the 2 billion litre all-time high set in 2009.
- Water conservation is not just about water shortages. It is more effective and less costly to conserve water than it is to build new infrastructure.
 - Long-range climate projections show that our region can expect longer summer dry spells and decreased winter snowpack, limiting future summer water availability.
 - Metro Vancouver's per capita water use has been steadily declining for over a decade, but continued population growth – about 35,000 people every year – is expected to increase overall water demand in the coming years.
 - Using only the water we need ensures an efficient and relatively cost-effective water system by helping to defer the need for expensive infrastructure projects and the associated increases in water rates required to fund them.

Government Submissions

The Utilities Team at TFN takes a lot of pride in serving and contributing to our community. Part of our independence as a community involves our utilities managing our own sewage treatment. While doing so has many benefits, our system is much smaller, so we as a community need to be very careful of what we send down our drains and toilets. Here is a friendly reminder of what to keep out of your drains (and toilets) to avoid costly repairs in your home and/or TFN's sewer system.

Grease, oil and animal fats should never go down the drain! These items contribute mostly to maintenance costs within the sewage system causing build up, clogs, and poor sewer treatment. Grease causes issues from your household drain all the way to the sewage treatment plant and does not belong down the sink or toilet. Always dispose of any grease, oil and animal fats safely into the garbage or with other organics.

Baby Wipes, cosmetic wipes, paper towel, or tissues (Kleenex) – these products are never flushable and do not break down the same way as toilet paper does, all of them are a large contributor of clogs and expensive maintenance repairs.

Q-Tips, cotton pads, or band-aids – these items can easily clump together causing clogs in your household plumbing or at various points of the sewage collection system.

All menstrual products, condoms, and diapers – are designed to not break down in water and can be very large. Flushing these items will cause problems in your home or further in the system.

Dental Floss and hair – found in the sewage system wrapped around pumps. They do not degrade in water, can create a net, and get caught on everything; these items have contributed to very expensive maintenance repairs.

Cigarette Butts – do not break down in water and can cause clogs, it is also a waste of water to flush them and they contain toxic chemicals which pass through sewage treatment to the environment.

Kitty Litter – heavy and does not dissolve in water. The flow of waste from your home and within our system is not fast enough to move the kitty litter along and can result in large clogs involving costly maintenance.

Gum – does not break down in water, is sticky, and can attach itself to the insides of pipes causing clogs basically anywhere.

Medications – cannot be eliminated with sewage treatment, which results in toxic chemicals making their way into our environment or waterways. Old, unused medications should be disposed of at a local pharmacy and NEVER flushed.

The TFN Utilities Team thanks you for your time and consideration regarding this reminder and we hope you are all keeping safe and healthy!

Government Submissions

Each COVID-19 vaccine dose increases your protection against severe illness

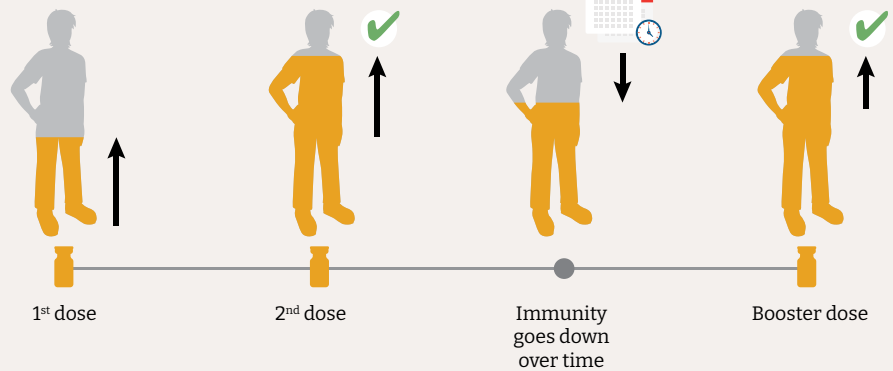

Each time you get a COVID-19 vaccine, it boosts your immunity and increases your protection.

Over time, your immunity will go down. Boosters bring your protection back up again.

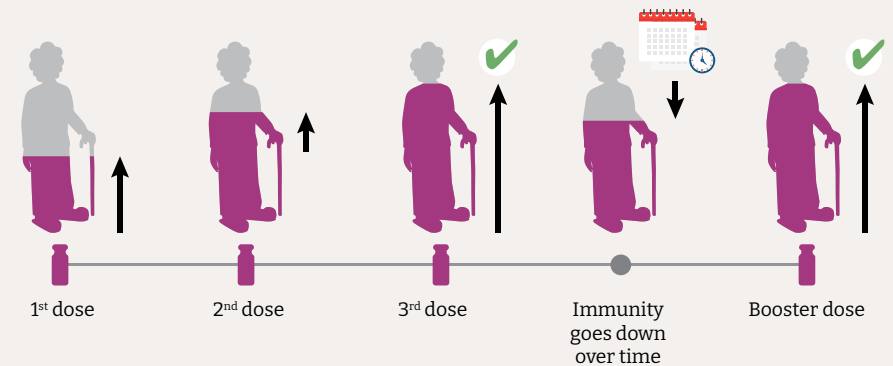

Max

Everyone's health is unique and some may need more doses to reach a high level of protection (like Max's Grandma).

Grandma

The greater your immunity, the more your body is able to fight COVID-19. This means you are less likely to have a very serious case or need to go to the hospital.

For more info on COVID-19, visit www.bccdc.ca

TSAWWASSEN FIRST NATION TAX TRANSITION TFN TAX WORK UPDATE

Effective 2022, TFN will offer a subsidy on the ordinary income of impacted Members that will provide monthly payments of up to 99% of estimated PIT payable, subject to PIT revenues.

TFN has developed an application process for the TFN Personal Income Tax Mitigation Program with Deloitte.

TFN has created an application form for the Personal Income Tax Mitigation Program Application.

Click here for the Person Income Tax Mitigation Program Application

To prepare for the application process, staff encourage eligible Members to have the following information easily accessible:

- Members estimated income for 2022 or previous year's income (2021) with proof such as a recent pay stub, T4, or a letter from your employer confirming income
- Members estimated income in Honoraria and Directors fees with proof such as copy of a pay stub, a copy of a cheque received, or other supporting documentation
- If applicable, Members estimated Pension Income
- If applicable, Members estimated Rental Income
- If applicable, Members estimated Dividend Income
- If applicable, Members estimated Business Income, Net of Expenses
- Member's estimated other income

Assistance will be available to Members, if needed, to complete the form. For additional support, please contact Taylor Baker at 604-928-7238 (tbaker@tsawwassenfirstnation.com) and Mark DeMello at 604-788-3583 (mdemello@tsawwassenfirstnation.com)

Members have been asking how the upcoming expiry of s.87 income tax exemption will impact the benefits that Members receive from TFN, and whether any impacts will be offset by payments from TFN under the Personal Income Tax Mitigation Program. The Tax Treatment table below intends to answer these questions:

	<u>Payment Descriptions</u>	<u>Tax Treatment</u>	<u>Income Tax Act Reporting Requirements</u>	<u>Eligible for income tax offsets from TFN?</u>	<u>Reasons / Comments</u>
1	Quarterly distributions of \$750 each	Taxable or non-taxable, depending on which part of the trust makes the payment	Payments to members should be reported by the trust on a T3 - slip annually	Yes	This would be considered ordinary income, eligible for PIT offsets
2	Annual distribution from the Legacy Trust – funded from Legacy Trust earnings.	Non-taxable	Payments to members should be reported by the trust on a T3 - slip annually	N/A	PIT offsets not needed.
3	Elder Benefit – single payment made in the year that a person turns 60.	Taxable	T4A slip and T4A Summary	Yes	TFN believes our Elders should receive the full benefit of this payment
4	Home insurance rebate – full rebate for Elders, \$500 for other Members paid on proof of insurance payment.	Non-taxable	None	N/A	PIT offsets not needed

Government Submissions

5	Funeral Benefit – paid on death of Member to their family to facilitate funeral services.	Taxable or non-taxable, depending on whether it could be considered SA	T4A slip and T4A Summary	Yes	TFN believes our grieving should receive the full benefit of this payment
6	Social assistance payments	Non-taxable	None	N/A	PIT offsets not needed
7	Honoraria – paid for attendance at TFN meetings (e.g. Advisory Council, AGM, Natural Resources Committee)	Taxable	T4A slip and T4A Summary	Yes	This would be considered ordinary income, eligible for PIT offsets
8	Education allowances, school age children – paid to encourage school attendance.	Non-taxable	T4A slip and T4A Summary	N/A	PIT offsets not needed.
9	Education allowances, post-secondary – to cover living expenses of those attending post-secondary programs.	Taxable or non-taxable, depending on the education program	T4A slip and T4A Summary	Yes	This would be considered ordinary income, eligible for PIT offsets, but not likely to be required
10	School supplies allowance – paid to school age children to cover the cost of school supplies.	Non-taxable	T4A slip and T4A Summary	N/A	PIT offsets not needed.
11	Youth grant – paid for those enrolled in extra-curricular activities	Non-taxable	None	N/A	PIT offsets not needed.
12	Home renovation grants and new home construction grants – funded by ISC	Taxable	ISC reporting requirement	No	This would be considered extraordinary income, not eligible for PIT offsets
13	Servicing grants – for those servicing their lots to build a home	Taxable	Election to be filed by due date of individual's personal tax return	No	This would be considered extraordinary income, not eligible for PIT offsets
14	Economic development grant from TFN	Taxable	T4A slip and T4A Summary	No	This would be considered extraordinary income, not eligible for PIT offsets
15	TFN Universal Child Benefit	Taxable	A reporting slip will be required	Yes	This would be considered ordinary income, eligible for PIT offsets
16	Income tax offsets from TFN	Non-taxable*	*Refer to Below	N/A	PIT offsets not needed.

*TFN has considered whether the payments made to mitigate the tax burden on its members are considered taxable income under the Income Tax Act of Canada. Based on professional interpretation received TFN is proceeding on the basis that the payments are not considered taxable. While TFN will consider utilizing all mechanism under the law to support this position, TFN cannot guarantee that on an audit by CRA the amounts would not be treated otherwise and result in a taxable income inclusion to its Members. Where a Member applies for this payment, the Member acknowledges that subject to an audit by CRA the amounts could be considered taxable income resulting in tax payable by the Member.

The Personal Income Tax Mitigation Program Application is also available on Tsawwassen First Nation's website.

BC Young Farmers Skill Development Program 2022

This program is funded through the govt. of Canada and B.C. as part of the Canadian Agricultural Partnership, a five-year, \$3 billion investment by federal, provincial and territorial governments to strengthen the agriculture and agri-food industry.

Young farmers and future farmers are invited to apply for funding towards participation in specific agricultural education events and programs from January to June 2022. **This is an amazing opportunity for TFN members interested in farming, are residents of B.C. and in the age group of 19-40 years.**

Lands staff can assist with application. Please email Kris Patel at kpatel@tsawwassenfirstnation.com

More information and application details below:

[BC Young Farmers Skill Development Program 2022 \(Page 1 of 3\) \(office.com\)](#)

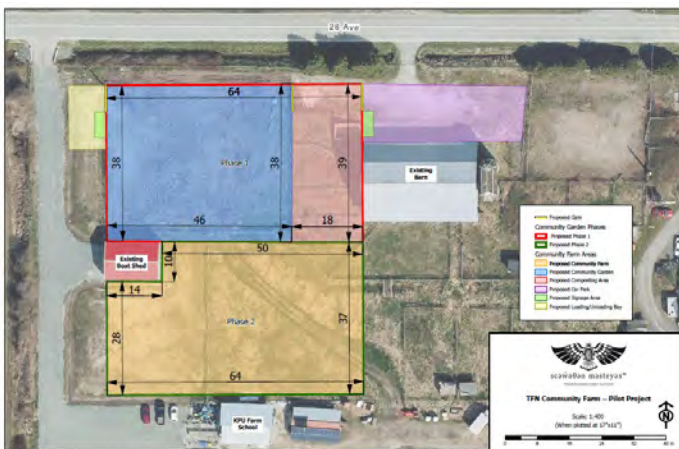

If approved, your funding would be provided as a reimbursement after the event, after sending BCYF all your itemized receipts and a report on your experiences.

Eligible costs are Registration Fees and inter-city travel and accommodation costs (where applicable). Where necessary, you are expected to pay your own incidental costs (local travel, meals, parking, etc.)

If any questions, you may email BC Young Farmers at: info@bcyf.ca

TFN Agricultural Pilot Project – ɕəlisələm needs TFN Youth and Members to assist with the implementation!

This **BC Young Farmers Skills Development Program** can assist with training Young Farmers from TFN community, enhance community involvement, education/interest creating, and promote a collaborative effort to running the pilot project farm as well as any new agricultural businesses on TFN lands.

THANK YOU!

MOSQUITOES

TSAWWASSEN FIRST NATION MOSQUITO CONTROL PROGRAM

April 2022

2022 Mosquito Control

Our team is on schedule to begin testing and treating for mosquito larva throughout TFN Lands at the beginning of May.

Testing is done by 'dipping' out samples of water and counting the larva present, as well as counting mosquitoes present in our traps. Several dip tests are performed in each location scheduled for testing from May to October, and traps are set throughout TFN Lands in summer.

Treatment takes place when the number of larva found in dip tests meet or exceed the treatment thresholds set by the Provincial Government. We use BTI, a non-residual pesticide designed to impact mosquito larva only.

Data collected includes technician names and certification numbers, date, location, and number of each species present in every dip test and trap. Collected data is used to direct our work, and is included in reporting to TFN staff and the Province of BC.

Common Culex mosquito larvae hang by distinct breathing siphons.

Culex mosquitoes prefer to feed on birds, which are the primary carriers of West Nile virus. Because Culex also feed on people and other animals, including horses, they are vectors of interspecies disease transmission.

For more information on West Nile please visit:

<http://www.bccdc.ca/health-info/diseases-conditions/west-nile-virus-wnv>

DID YOU KNOW...?

There are 48 confirmed species and subspecies of mosquitoes in BC, and another 14 are known to reside just outside our borders.

If you have any questions or concerns about the work we are doing to manage mosquitoes on TFN Lands please give me a call.

Nicci Bergunder
Project Manager

TFN Construction/Matcon
CIVIL JOINT VENTURE

Government Submissions

March 31, 2022

Onni will be commencing Landscape work at the edge of the sidewalk on **Fisherman Way and around Cormorant drive**, starting March 28th, 2022.

To perform this work, the sidewalk will be closed from April 11th, 2022 to July 24th, 2022, In front of units addressed 199-222 **4738 Hemlock Way**.

Temporary fencing, signage, delineators and alternate routes will be in place as per the Traffic Management Plan below.

Once work is complete on the 24th of July 2022, the sidewalk will re-open and temporary fencing will be removed.

If there is any emergency, please call Harp Gill at 604-362-8786

TFN Community Notice – Onni Tsawwassen Landing

Construction Update

March 2022

Onsite Construction Notice

Please be advised that Onni will be constructing erosion and sediment control measures for our future offsite utility works in the area to the South of Fisherman Way, between Salish Sea Drive and the future Yarrow Drive (roughly 200m West of Cormorant Drive). The construction is scheduled to commence throughout March and April.

During construction, site access will be located on Cormorant Drive @ Fisherman Way for construction vehicles to enter and leave site. The section of Fisherman Way to the West of the temporary fence gate will remain closed to the public until further notice.

All residents are further advised to:

- Beware of heavy construction equipment in and around the construction zone as per Attachment A;
- Proceed with extreme caution.

Thank you for your patience during construction. We welcome your questions and concerns relating to the Tsawwassen Landing development. We hope to build a strong relationship with project stakeholders as we work together to achieve a successful development. For continuing information regarding Tsawwassen Landing, please visit www.onni.com.

Construction Zone Location

Sincerely,

Thomas Woodward

Knotweed

What: Bamboo-like plant with hollow, upright, green stems with nodes and reddish speckles. Leaves can range from triangular to egg to heart-shaped and are often arranged in a zig-zag pattern. Not all knotweed plants may flower, but flowers can be pink to white to pale green.

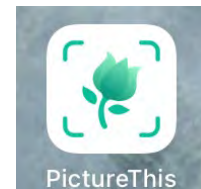

Where: Everywhere, especially ditches or near watercourses, stockpiles, vacant lots, transportation corridors and gardens.

Why: Provincially noxious. Spreads rapidly and can compromise the integrity of buildings and other infrastructure.

Management: Flag off area, do not disturb and contact XXX. **Do Not Mow, Cut or Burn.**

Recommended Treatment: Phased, multi-season herbicide application (foliar spray or stem injection) by a certified and licenced applicator.

The [Free Version](#) of the app **Picture This** can be used to help identify knotweed

Government Submissions

GIANT HOGWEED AND OTHER SIMILAR PLANTS

Giant hogweed

- 2-4.5m tall
- Hollow-stem with white hairs
- Deeply divided palmate leaves
- Umbrella-like white flowers

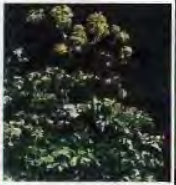

Poison hemlock

- 0.5-3m tall
- Purple blotches on stem
- Umbrella-like white flowers
- Fern-like leaves

POISON HEMLOCK			
			
HEIGHT 4 to 9 feet	STEM Smooth and hairless, waxy green, some purple blotches, 1 to 2 inch diameter	LEAF Fern-like, bright, almost glossy, green	FLOWER All branches have small flat-topped clusters of small white flowers

WILD PARSNIP			
			
HEIGHT Up to 5 feet	STEM Yellowish-green with verticle grooves running full length	LEAF Compound, pinnate, 5 to 15 toothed, variably lobed, yellowish-green	FLOWER Single flower stalk with flat-topped umbel of clustered yellow flowers

GIANT HOGWEED			
			
HEIGHT 15 to 20 feet	STEM 1 to 3 inch diameter Purple blotches, stiff bristles	LEAF Compound, lobed, deeply incised; up to 5 feet wide	FLOWER White flowers, flat-topped, umbrella, up to 2.5 feet across

ANGELICA			
			
HEIGHT 4 to 9 feet	STEM Smooth, waxy green to purple (no bristles), 1 to 2 1/2 inch diameter	LEAF Many small leaflets, seldom more than two feet across	FLOWER Softball-sized clusters, greenish-white or white, up to 1 foot across

COW PARSNIP			
			
HEIGHT 5 to 8 feet	STEM 1 to 2 inch diameter Deeply ridged, green to slightly purple, fine hairs, fuzzy	LEAF Compound, less incised, 2 to 2 1/2 feet across, fuzzy hairs	FLOWER Whitish flower clusters no larger than 1 foot across

DO NOT APPROACH THESE PLANTS as every species has it's own dangers. Contact DAN LORENZ @ 604-809-7801 if you see these in your community.

Natural Resources Update

2022 EULACHON FISHING UPCOMING

TFN is looking for interested members willing to fish for the Nations allocation of Eulachon in April. Any interested fishers must have their 2022 vessel registration complete and their harvester card active. There is likely to be 2-3 openings for Eulachon in the month of April which we will communicate to fishers via text and notices. Any fishers interested in participating are asked to contact either Mike Baird @ 604-762-1467
Liana Williams @ 604-202-0415 or Curtis Tyson 604-308-1068 to confirm interest.
We will have eulachon fish for elders and any members interested in having eulachon fish. Contact any of our team listed above to be added to the list.

NATURAL RESOURCE COMMITTEE MEETING APRIL 12, 2022

Topic: NRC Committee Meeting April

Time: Apr 12, 2022, 05:00 PM Vancouver

Join Zoom Meeting

<https://us02web.zoom.us/j/83060369152>

Meeting ID: 830 6036 9152

Dial by your location

+1 855 703 8985 Canada Toll-free

+1 877 853 5257 US Toll-free

Honorariums will be provided, and Agenda will be circulated.

CRAB IN THE CRAB TANK

As the tank is now up and running, we can accept deliveries from TFN Crabbers interested in submitting to the tank.

CRAB FISHERY REMINDER

Fisheries and Oceans Canada has asked our department to remind FSC crabbers that gear that is not found in compliance within DFO or TFN fisheries regulations can be seized, and fishers may incur penalties. TFN and DFO will continue patrols to monitor the crab fishery for compliance. FSC gear must be marked with floats, must have tags, escape rings and hatches must have rot-cord, affixed, and all operators must not exceed the fifty-trap limit. If any gear has been stolen or tampered with, please report this to the Delta Police non-emergency line at 604-946-4411 to file a report, if traps associated with a police report are recovered by DFO the traps may be reunited with the owner. For further inquires please contact the Natural Resources Department.

Natural Resources Update

2022 VESSEL REGISTRATION

As it is a new year those TFN members participating in TFN crab, salmon and eulachon fisheries must annually renew their vessels. By not filling out these forms' fishers will be ineligible for new or replacement crab trap tags and Economical Opportunity salmon fisheries, limited participation fisheries, and communal commercial opportunities. Please contact the Natural Resources Department for annual registration forms.

EAGLE FEATHER BUNDLE

Distribution of kits has been completed for lands-based members- The Natural Resources Department is now in the process of determining whether to facilitate lands-based workshop/ online workshop or hybrid- please stay tuned for more details as they come.

Community Submissions

An overdose advisory was issued by the Fraser Health Authority on February 17, 2022 as there has been an increase in overdoses the past few days.

We have extra Naloxone kits at our office to take and our officers carry Naloxone on them **at all times.**

Key messages for people who use substances:

- Use less than you normally would
- Do a tester; try a little before your regular amount
- Try not to use alone, and if you do, have someone check on you
- Stagger use with friends so someone can respond if needed
- Know the signs of overdose (early signs may include unusual snoring, or taking less than 1 breath every 5 seconds)
- Call 9-1-1 quickly when you notice something isn't right (the Good Samaritan Drug Overdose Act provides immunity from simple possession charges for those who call 911 in the case of an overdose)
- If you suspect the overdose is caused by a suspected/confirmed benzo, communicate this when help arrives
- Provide breaths (every 5 seconds until the person regains consciousness or help arrives)

Stay safe Everyone

A friendly message from the Tsawwassen First Nation Service Team

If you have any questions or concerns for Delta Police, please submit to tfnst@deltapolice.ca and look for responses in the upcoming newsletter. Your privacy will be protected.

SFU

SIMON FRASER
UNIVERSITY

Indigenous University Preparation Program

Apply now!

Are you:

- A high school graduate? A mature student?
- Considering going to university but wanting to explore different career options?
- Someone who wants to prepare for university-level Math and advanced Academic Writing?
- Wanting to connect with a cohort group of Indigenous students in a safe and supportive environment?
- Looking to open doors to more learning and working opportunities?

SFU's Indigenous University Preparation Program (IUPP)

We welcome First Nations, Métis, and Inuit students to a supportive university learning environment that integrates humanities and social sciences with Indigenous knowledge and perspectives.

You will join a small cohort of like-minded Indigenous students and explore university together with Elders, mentors, tutors, and instructors while taking six courses which can transfer into your undergraduate degree.

Cover: Welcome figure at SFU carved by Jody Broomfield, Squamish Nation.

Where does the IUPP path lead you?

SFU's IUPP is an 8-month full-time program that helps Indigenous learners prepare and transition to undergraduate studies, while nurturing the skills essential for university learning.

Upon successful completion of the IUPP, you will be granted admission to SFU and your completed credits will count towards your undergraduate degree.

Our Indigenized, interdisciplinary curriculum will provide you with a diverse foundational knowledge which may be applicable to multiple disciplines.

Tuition Waiver for Youth in Care or Former Youth in Care

Community Submissions

All aboard the 620!

Starting April 18, 2022

We're adding more trips to and from the ferry all day, every day.

WHAT DOES THIS MEAN?

- It means we are making services more convenient in the spring/summer so that those destined for parks, beaches, and green spaces can do so without travelling on overcrowded busses. At the end of summer, seasonal demand wanes and these changes could be impacted again.

Please see below and attached for the route details and schedule changes:

ROUTE 620

MONDAY – FRIDAY

Additional trips towards Bridgeport at 7:45 a.m., 9:55 a.m., 11:55 a.m., 1:55 p.m., 6:05 p.m., 7:15 p.m., 7:55 p.m., and 10:35 p.m.

Additional trips towards Tsawwassen Ferry Terminal at 6:45 a.m., 8:45 a.m., 10:45 a.m., 12:45 p.m., 2:45 p.m., 5:05 p.m., 6:45 p.m., and 8:45 p.m.

SATURDAY

Additional trips towards Bridgeport at 7:05 a.m., 8:05 a.m., 4:05 p.m., 10:55 p.m., and 11:12 p.m.

Additional trips towards Tsawwassen Ferry Terminal at 6:05 a.m., 7:05 a.m., 2:55 p.m., 9:45 p.m., and 10:37 p.m.

SUNDAYS/HOLIDAYS

Additional trip towards Bridgeport at 12 a.m.

Additional trip towards Tsawwassen at 11 p.m.

Community Submissions

Freeman Casting Co.

We're an extras casting company operating in Vancouver – we cast background roles for film and television shows.

One of our current projects, Tradewinds, is looking for First Nations, Inuit, and Metis performers who would be interested in working as extras.

The outside dates are

May 16th - June 14th.

There will be approximately 3-5 days of work per week within that time.

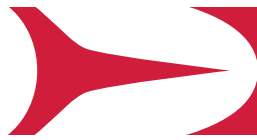

LOCATION: 8085 Glenwood Dr, Burnaby

RATE: The current base rate is \$20/hr, but there may be additional opportunities for higher rates.

We are looking for children between the ages 7 and 13, and adults between the ages 18-75.

Interested performers can apply via our website:

<https://www.freemancasting.com/performer/open-casting-calls/>
