## NEW TFN STOP SIGNS

Since our Final Agreement in 2009, TFN has been dedicated to creating a strong, distinct identity for our lands. Now, we're taking another powerful step forward in celebrating our culture and heritage.

In an exciting move, we're proud to announce that an amendment to the provincial Motor Vehicle Act allows us to replace English-language "STOP" signs on TFN lands with signs in our traditional language of *hən̓q̓əmiṇəm̓*.

This isn't just about signs—it's about reclaiming our language and making sure the Tsawwassen identity is proudly visible every day.

TFN Public Works will begin the project in mid-November, with completion expected by early December. Stay tuned for updates!

### ADVISORY COUNCIL MEETINGS

**WEDNESDAY OCTOBER 23, 2024 5:30PM - 7:30PM**

**MONDAY OCTOBER 28, 2024 5:30PM - 7:30PM**

*Dinner served at 5:00PM*

*Agenda will include review of the following items from the Legislature:*

- BILL TO AMEND THE PROPERTY TAXATION ACT
- BILL TO AMEND THE MEMBERSHIP ACT

For call-in information and teams meeting details contact Jennifer Jansen by email at [jjansen@tsawwassenfirstnation.com](mailto:jjansen@tsawwassenfirstnation.com) or call/text at **604-880-1495**

## Breathing Tsawwassen Identity into the TFN Evaluation Project:

Help select a project name

The Evaluation Project is Member-driven and explores experiences of community and topics important to well-being and quality-of-life through conversations, storytelling, and a Member census. We invite Members to give a hə́nqəmíə́m name to this initiative using the QR code below. You can submit your preference until **November 15<sup>th</sup>, 2024**.

## New Community-Based Research Initiatives

In response to requests from Members, the *Policy and Intergovernmental Affairs Department* (“PIGA”) is leading a community-driven and directed project that looks at Members experiences of community changes both before and after the treaty, how community dynamics might have also changed over time, and whether the TFN government is effectively representing and responding to community needs.

This three-part initiative is rooted in Tsawwassen Knowledge and Indigenous Research and will include a:

- 1) Tsawwassen Community-based Research Project,
- 2) Tsawwassen Member Census, and a
- 3) Youth Photovoice & Multimedia Project.

### **Tsawwassen Community-based Qualitative Research Project & Tsawwassen Member Census**

Planned to start in early 2025, TFN is partnering with Dr. Brian Thom at the University of Victoria for both the Tsawwassen Community-based Research Project and the Tsawwassen Member Census. Dr. Thom brings important experience in conducting similar projects, including negotiating, implementing, and evaluating treaties. Dr. Thom has worked for Sto:lo Nation, the Hul'qumi'num Treaty Group, Cowichan Tribes, and WSANEC communities, among others, to further reconciliation and community engaged research, implement Indigenous legal orders, and to Indigenize government strategies and plans.

The community-based component of this project will consist of individual, group, or family meetings in which Members will have the opportunity to share knowledge, stories, and thoughts on priorities that support community wellbeing and involvement. Examples of such priorities could include health and wellness, food systems, economic and business opportunities, cultural learning, and more. The Tsawwassen Member Census will provide additional important demographic information that can be used to develop programs and services.

### **Breathing Tsawwassen Identity into the TFN Evaluation Project**

The Evaluation Project is a Member-driven project that will be shaped by the voices of Tsawwassen Members and should reflect Tsawwassen Values, culture, and identity. We invite Members to give a *hən'qəminəm'* name to this initiative.

An Evaluation Project Booth was available at the 2024 Member's Gathering, where Members had the opportunity to share their preferences for potential project names that resonated with them.

For those who were unable to participate during the Member's Gathering, staff warmly encourage you to share your input by using the QR code below. You can submit your preference until **November 15<sup>th</sup>, 2024**.

## New Community-Based Research Initiatives

---

### Youth Photovoice and Multi-Media Project

The TFN Youth Photovoice and Multi-Media Project is a youth focused component of the TFN Evaluation Project (still to be given a Member-chosen hən'q'əmin'əm' name).

Partnering with Dr. Onyx Sloan Morgan from the University of British Columbia Okanagan, the TFN Youth Photovoice and Multi-Media Project supports TFN youth in using photography, film-making and other mediums to amplify their voices on matters important to them with the goal of allowing youth to influence policy and good governance.

Dr. Sloan Morgan is widely regarded as a highly respected and influential voice on the use of photovoice for youth engagement in British Columbia and comes with significant experience including research focusing on the negotiation and now implementation of the Maa-nulth Treaty for huuɫiiʔaṭh (Huu-ay-aht). Dr. Sloan Morgan has been actively engaged in a Youth Photovoice project with huuɫiiʔaṭh for the past 13 years, bringing their experience from that project to other Indigenous communities in the province to create unique culturally and age-appropriate photovoice and multimedia programs.

The Youth Photovoice Project will also provide TFN youth with:

- Opportunities for skills development and training in areas such as photography, film-making and sound recording,
- Volunteer credits to go towards high school graduation,
- Reference letters to support employment,
- Opportunities to create and connect,
- and more.

TFN Youth aged 13-30 are invited to participate in this important research initiative, which will be made available for Members living across Tsawwassen Traditional Territory and beyond. More information to come.

For more information or to submit inquiries on these projects please contact Sophie Thomas at [stthomas@tsawwassenfirstnation.com](mailto:stthomas@tsawwassenfirstnation.com) or by phone at (604) 817-7412.

Dear Residents:

Traffic will be routed to a single lane for both directions.

Please refer to the attached TMP for this work.

Vehicle traffic to adhere to traffic controllers.

Residents are also reminded that the project will be constructed with heavy machinery and that young children and pets should be kept clear of work zones.

## Expression of Interest – Meeting Facilitator

Tsawwassen First Nation (TFN) is a proud Coast Salish nation whose land base is located south of the Fraser River along the Salish Sea. We are a self-governing modern treaty First Nation under the terms of a Final Agreement that became effective in 2009. As part of our governance structure, TFN has established several advisory bodies, including the Advisory Council and other elected committees, as well as appointed bodies such as the Standing Committee on Language and Culture and the Board of Directors for the TFN Trust Society. TFN also conducts workshops to engage with community members on a variety of topics throughout the year.

Tsawwassen First Nation is seeking proposals from qualified individuals or firms to provide meeting facilitation services on an on-call basis. The selected facilitator(s) will be responsible for ensuring that our meetings are productive, inclusive, and aligned with Tsawwassen cultural values and teachings. The facilitator(s) will work with Tsawwassen Government staff to ensure that comprehensive meeting minutes and action items are captured and may from time to time be asked for recommendations on improving meeting effectiveness. Services will be provided as needed/requested, and the number of meetings per month will vary depending on TFN's operational needs and the facilitator's availability. Meetings are generally held in the evenings on Tsawwassen Lands, but may also include virtual meetings via MS Teams and/or hybrid meetings with a mix of in-person and virtual attendees.

If you are interested in this opportunity, please submit a letter outlining your interest in working with TFN in this capacity, along with a brief summary of your background and skills including previous relevant experience. Submissions from interested TFN Members are encouraged. Note that previous experience working with First Nations communities or organizations is strongly preferred but not required. Once submissions are received, potential candidates will be contacted for an interview which will include discussions on availability and remuneration.

Expressions of interest should be sent to the Manager of Government Services via email at [jjansen@tsawwassenfirstnation.com](mailto:jjansen@tsawwassenfirstnation.com). Deadline to receive submissions is Friday November 8<sup>th</sup> at 4:30 pm. If you have any questions, please reach out to Jennifer Jansen, Manager of Government Services, at the email address above or by phone at (604) 880-1495.

## CALLING ALL TSAWWASSEN FIRST NATION ARTISTS

Tsawwassen First Nation (TFN) endeavors to support and encourage its artists. We are proud of our artists and want to showcase TFN artwork.

**We are seeking all types of art from TFN Member Artists. All art will be a donation or a gift from the Tsawwassen First Nation Chief and Council.**

We are interested in art from both established and emerging TFN Member Artists. The primary concern of TFN is that the artwork has significance and meaning for the Tsawwassen people. This is an excellent opportunity for a TFN Artist to showcase their work and gain exposure.

The art should have a description and artist biography to accompany the art piece, submitted by the artist.

If you are interested in TFN purchasing your artwork, please make an appointment with Maryanne Adams or Andrea Jacobs at 604-943-2112 for your artwork to be considered.
