## Industrial Land Short Term Lease Information Bulletin

scəwəθən məsteyəx<sup>w</sup>  
TSAWWASSEN FIRST NATION

### Short-Term Lease Enquiry from H&H Installations Ltd.

- TFN is advancing an Industrial and Employment Lands Strategy. As part of that strategy, short-term income opportunities are being advanced, while longer term development leases are pursued.
- Specifically, TFN has received an enquiry from H&H Installations Ltd. to occupy approximately 5 acres of the Industrial Lands, at 3740 Deltaport Way, for a period of 18 months commencing March 2025 (with site preparation works commencing earlier), for the purpose of a contractor laydown area.
- The proposed use is a very simple project laydown operation. The Tenant has agreed to fund and undertake value add, site preparation works as payment of rent. These works will enable TFN to explore future short-term leases to generate immediate revenues earmarked for TFN's Member Legacy Trust. In addition, the tenant will be required to pay property taxes in connection with the lease, which will fund TFN government operations.
- The Tenant's contractor has agreed to run a fair process to appoint a TFN Member business to assist with completion of the site preparation work where required.
- For more information, questions or comments please reach out to:
  - Ryan Daum, Manager of Economic Development, by email at [rdaum@tsawwassenfirstnation.com](mailto:rdaum@tsawwassenfirstnation.com) or by phone at 604-786-9694.

Project: Truck Access / Egress at 4449 Salish Sea Way, Tsawwassen, BC

Dear Residents:

Beedie Construction is constructing a new industrial development at 4449 Salish Sea Way, Tsawwassen BC just west of the Sewage Treatment Plant. As construction on the building begins there will be heavy truck traffic coming and leaving our site due to concrete pours, import materials & deliveries. This escalated level of traffic will take place from September 23, 2024 to mid-February 2025. Working hours will be from 7am to 5pm. We will implement TMP #DWG#001 for the duration of this scope.

Please refer to the attached TMP for this work.

Vehicle traffic to adhere to traffic controllers.

Residents are also reminded that the project will be constructed with heavy earthmoving machinery and that young children and pets should be kept clear of work zones.

If you have any questions, please contact Anand Budwal via the undersigned.

We appreciate your ongoing cooperation.

## STEVESTON INTERCHANGE PROJECT CALL FOR ARTISTS

### INTRODUCTION

The Steveston Interchange Project respectfully acknowledges that the project is located on the traditional territory of the Tsawwassen First Nation. We recognize the significance of the Project area to Tsawwassen identity and culture and understand that this context is crucial for discussions and considerations. This includes the following: Tsawwassen people are salmon people, for whom the Salish Sea and Fraser River serve as the lifeblood of their food and cultural systems. Recognize that the Project – given its proximity to Tsawwassen Lands, and marine location – is proposed to be constructed at “Tsawwassen’s kitchen table”.

In the spirit of reconciliation, we are happy to provide this opportunity for Tsawwassen’s cultural recognition and revitalization for interested TFN Member Artists to publicly showcase their beautiful work at this project location.
