Crisis and Grief Support Resources

Dear Members,

The loss of two beloved Elders has been deeply felt throughout our community. We recognize that Members and families are carrying grief and processing the impacts of this traumatic event. Each person's experience will be different, and support is available now and in the days ahead. Our mental health team and wider Health Services team are available to listen, provide care and help you access support.

Please call 604-948-5239 to book with any member of the Health team, receive help finding a counsellor outside our team, or discuss other support for yourself or your family. You do not need to know exactly what you need before calling.

We honour the ways Members find comfort through family, community, cultural practices and ceremony. Additional support is available whenever you wish to connect.

TFN Treaty Periodic Review

Phase 1 of the TFN Treaty Periodic Review Has Begun

Tsawwassen First Nation is beginning Phase 1 of the Periodic Review, a process built into the TFN Treaty that allows TFN, BC, and Canada to review and improve how the Treaty works over time.

This notice is for information only. No decisions are being made at this stage.

What Is the Periodic Review?

It is a regular, collaborative process that keeps the Treaty a living agreement—one that continues to reflect the needs of TFN Members today and into the future. This is not a reopening of the Treaty, and any potential updates occur through negotiation, not the courts.

Why This Matters

The Treaty remains an integral part of TFN's success, supporting strong self-government, stable governance, and long-term Nation-building. The Periodic Review is an opportunity to strengthen what is already working and make practical improvements that support TFN's future generations.

What Is Phase 1?

Phase 1 focuses on early, targeted improvements where TFN, BC, and Canada are already aligned. These discussions are preliminary and centred on clarity and good governance.

What's Next?

More information will be shared as the process unfolds, including website and social media updates, text notifications, a detailed Social Pinpoint information page, and spring engagement sessions for learning and questions.

TFN is committed to providing clear, transparent updates throughout the process.

Aging at Home

Grounds Maintenance & Snow Removal Program

This program supports Tsawwassen Elders — and Members with health limitations — to live safely and comfortably at home by helping with grounds maintenance and snow removal within the TFN Community Area.

Services Included:

Grounds Maintenance

- Grass cutting
- Minor landscaping for safety and aging in place
- Delivered by TFN or by an outside provider (with reimbursement)

Snow Removal

- Provided only by TFN or TFN's contractor
- No reimbursement for private snow removal services

WHO CAN APPLY?

Elders

- TFN Members 55+ living in their primary residence on TFN Lands.
- Eligible for up to \$2,500/year in grounds maintenance support (per residence).
- Snow removal is automatically provided by TFN after 5 cm of snowfall.

Non-Elders (Exceptional Circumstances)

- Members with health limitations preventing them from doing yard work may apply.
- Must show they cannot complete the work themselves.

Not Eligible

- Major landscaping, renovations, or minor home repairs
- (these fall under other TFN programs).
- Cleaning or removal of personal items (toys, vehicles, pools, waste, animal feces).
- Any service the Director deems ineligible.

APPLICATION PROCESS

Submit a completed application form to the Director of Municipal Infrastructure.

- Applications processed first-come, first-served.
- Include:
 - Type of work needed
 - Desired frequency (if TFN provides the service)
 - Any additional info requested

Combat Mosquitos

Warmer weather means more mosquitoes. Here are 5 tips to help protect yourself:

1. Remove standing water from containers and buckets around your property
2. Wear light-colored, loose fitting clothing
3. Use a fan for patios, decks and outdoor seating areas
4. Avoid outdoor activities at dusk and dawn when possible
5. Apply Health Canada approved mosquito repellents

Coyote Safety

Recently coyotes have been seen around TFN and surrounding areas, to deter coyotes and keep everyone and their animals safe here are some tips you can use:

Eliminate attractants

Coyotes are opportunistic feeders. If your yard provides easy meals or a place to hunt, they will return.

- Secure food waste: always lock your garbage bins with secure latches or use wildlife-resistant containers.
- Pet food and water: Never leave pet food, water, or bowls outside.
- Yard management: Clear dense brush, tall grass, wood piles. These provide perfect cover for coyotes to hunt rodents.
- Clean up: Pick up fallen fruit from trees and avoid leaving grass and food scraps on BBQ grills.

Physical Barriers

To physically block coyotes from entering your yard or accessing vulnerable livestock, secure boundaries are highly effective.

- Fencing

Light and Sound (Scare Tactics)

Sudden unfamiliar surprises can frighten coyotes away from specific areas on your property

- Motion Activated Devices: Set up motion sensor flood lights.
- Noise Makers: Devices that emit high-frequency ultrasonic sounds, flashing red lights (such as Predator eye PRO nighttime Repellants), or sudden audible alarms help keep territories unstable and risky for coyotes.

Active Hazing

If a coyote wanders into your yard or approaches you while you are walking, you must assert dominance, so they associate humans with danger.

- The "BIG Routine": make yourself large or use items like an umbrella or jacket.
- Be Loud: Clap your hands, Shout, use a whistle
- While walking: Keep your dog on a short leash (under 6 Ft) If coyotes continues to approach and act aggressively, pick up your small dogs and back away slowly

**ACCESS TO
GOVERNMENT SERVICES
MADE EASY**

Service BC & Emergency Support Services

Service BC has partnered with the Ministry of Emergency Management and Climate Readiness (EMCR) to support local Emergency Support Services (ESS) in reception centres during emergencies.

We are dedicated to delivering services to the public.

Service BC can assist at reception centres with:

BC Services Card Verification

We help evacuees register and verify their BC Services Card App for access to e-transfers.

Help Evacuees to Create ERA Profiles

Our team helps evacuees create ERA profiles to help them receive emergency support.

Support with Internet Access

Our teams can provide help with technology to enable internet connectivity for profile verification.

Support for Evacuations ↔ Support for Communities

- ✓ During large-scale evacuations, we enhance our capacity to provide prompt and efficient support.
- ✓ Provide reliable internet at reception centres.
- ✓ Provide resources and supports for in-person reception centres.

Here's how communities can request Service BC support:

1. Recognize the need.
2. Submit a resource request through your local Emergency Operations Centre (EOC) to Provincial Regional Emergency Operations Centre (PREOC).
